

## Workshop on Nano-Carbon Optics 2011

Announcement and Preliminary Program for WNC011 (06.10-09.10.2011)

The workshop aims at bringing together young scientists working in the fields of optical spectroscopy and microscopy on nano-carbon materials such as carbon nanotubes and graphene.

### Location & Accommodation:

WNC011 will be held at the Haus der bayerischen Landwirtschaft in Herrsching am Ammersee, Rieder Straße 70 · 82211 Herrsching am Ammersee. This location offers well equipped lecture rooms and poster boards.

The beautiful lake and countryside inspires scientific talks and ideas, while the famous Kloster Andechs beer garden (Biergarten!) invites everybody to fill up energy.

### Getting there:

For a detailed map please follow this [link](#).

Herrsching can be reached by plane via Munich. From there you can get to Herrsching using public Transport (S8) from airport to Herrsching.

By train Herrsching can be reached via Munich Central Station. There you also have to use line S8. After arrival at the train station in Herrsching it is a 10 min. walk to get there.

### Weather:

So far we cannot provide any information about the weather forecast. Prepare yourself for both rainy and sunny weather with temperatures between 0 and 25 degrees (Celsius). For detailed information follow this [link](#).

### Excursion:

After a nice boat trip on lake Ammersee we plan to go to the famous Kloster Andechs to enjoy Bavarian culture and to meet native Bavarians.

### Meals:

All meals and coffee breaks will be served in the conference center and are included in the registration fee.

### Registration:

Will be open soon
